Vaccine Declaration COVID-19

You must keep this declaration with you for verification purposes during the visa application process, throughout your journey and on arrival.

You must be able to show this declaration when boarding an aircraft, vessel, international train or international coach, or at the request of airport staff or the designated authority, including a medical authority. If you cannot, you may be prohibited from boarding or be denied entry into the Netherlands.

The information you provide may be used by the competent public health authority in accordance with Dutch law and in the context of the public health response to COVID-19. This declaration must be completed by all travellers aged 12 and over from outside the Schengen area. Children under the age of 18 travelling with their vaccinated parent(s) or legal guardian(s) are exempt from this requirement, but they must show a negative COVID-19 test result. There are some exceptions to the health requirements; see Coronavirus COVID-19 | Government.nl.
